STAT

Dear Alex:

Thank you for your letter of June 8th which was on my desk when I returned from an extended trip today.

While in Washington last Saturday, Dr. Oliver Buckley, Chairman of the Scientific Advisory Committee of the Office of Defense Mobilization, told me that the matter of the appointment of Telecommunications Advisor had been referred to him for advice and suggestions. He said that the matter was going forward, although wending its way slowly through the various offices involved. He expected to see Mr. Lawton and others early this week in the hope of having the matter finally settled. You may find it of interest to get in touch with Dr. Buckley, whose office is in the Executive Offices building across from the White House, since apparently he has been brought into the picture and I think will be of great help. He is quite keen about our whole report and is quite anxious to see it implemented.

Sincerely yours,

L. A. DuBridge

L. A. DuBridge,
President
